AOCMF Course Operative Techniques in Oral and Maxillofacial Surgery – Hands-On Cadaver

Program

April 26th–28th 2010, Vienna, Austria

2010

Foreword

Dear Colleagues,

We cordially invite you to the international AO Course dedicated to “Basic Operative Techniques in Oral and Maxillofacial Surgery” held on April 26th-28th, 2010 at the Medical University in Vienna!

This three-day intensive course offers an excellent learning environment for hands-on cadaver laboratory training.

The course covers all necessary operative procedures in oral and maxillofacial surgery and is designed for both beginners and advanced practitioners. Outstanding national and international faculty with great surgical experience will mentor you.

We are sure to meet your expectations whether you gain new insights, enhanced skills, or refresh your knowledge.

You will have also the opportunity to enjoy one of the most beautiful cultural cities in Europe. We wish you informative days and an enjoyable stay!

See you in Vienna!

Astrid Reichwein

Course Objectives

On completion of this course the participants will

- know how to perform safely the most relevant surgical approaches
- be able to carry out the most essential operative procedures step by step
- enhance their surgical skills in a variety of operative techniques in oral and maxillofacial surgery

Target Audience

Maxillofacial Surgeons
Otolaryngologists
Surgeons of related disciplines

Accreditation

This AOCMF Course will get accreditation from the European Accreditation Council for Continuing Medical Education (EACCME) to provide CME activity for medical specialists.

The EACCME is an institution of the European Union of Medical Specialists (UEMS)

www.uems.net

Mission Statement of AO Education

Our mission is to continuously set standards in postgraduate medical education and to foster the sharing of medically guided expertise in a worldwide network of healthcare professionals to improve patient care in trauma or disorders of the musculoskeletal system.

AO Course Objectives in general:

- to broaden the knowledge and comprehension of operative fracture treatment according to the level of education or speciality
- to assist in decision making as to the optimal treatment modality according to the AO Principles
- to learn about the latest developments in research and clinical investigation
- to become acquainted with new techniques and technologies as well as alternative approaches in fracture treatment
- to improve the manual skills by practicing on different bone models
- to understand the evolution of AO Philosophy and Education - what is new and what is still valid as well as the rationale behind any changes

Course Agenda

DAY 1 Monday, April 26th, 2010

07:45 Registration

08:30 Welcome and introduction Rolf Ewers

Session I: Airway Management

09:00 Tracheostomy Christian Schopper

10:30 Coffee break

Session II: Approach to the TMJ

11:00 Auricular approach Wolfgang P. Pöschl

13:00 Lunch

Session III: Facial Nerve and Parotidectomy

14:00 Facial nerve dissection Nikolaos Papadogeorgakis

16:00 Coffee break

16:15 Parotidectomy Nikolaos Papadogeorgakis

18:00 End of day 1

Course Agenda

DAY 2 Tuesday, April 27th, 2010

Session IV: Neck Dissection

08:00	Supraomohyoid neck dissection	Joseph I. Helman
10:00	Coffee break	
10:30	Modified radical neck dissection	Joseph I. Helman
12:30	Lunch	

Session V: Approach to the Midface

13:30	Midfacial degloving approach	Günter Lauer
-------	------------------------------	--------------

Session VI: Approaches to the Orbit

15:30	Transconjunctival approach	Arnulf Baumann
16:30	Coffee break	
16:45	Transcaruncular approach	Arnulf Baumann
17:30	Upper eyelid approach	Arnulf Baumann
18:15	End of day 2	
20:00	Course dinner	

Course Agenda

DAY 3 Wednesday, April 28th, 2010

Session VII: Approach to the Upper Face

08:30	Coronal approach	Christos Perisanidis
10:00	Temporal flap	Nikolaos Papadogeorgakis
11:00	Coffee break	
11:30	Calvarial bone grafts	Christian Matula
13:00	Lunch	

Session VIII: Approach to the Mandible

14:00	Mandibular vestibular approach Dissection of the mental nerve	Astrid Reichwein
-------	--	------------------

Session IX: Osteotomies

15:15	Le Fort I osteotomy	Arno Wutzl
16:30	Coffee break	
16:45	Zygomatic bone osteotomy	Günter Lauer
18:00	End of the course	

Each cadaver session will include a step by step introduction followed by an on-site demonstration. 2 participants per cadaver.
