Mission

Our mission is to continuously set standards in postgraduate medical education and to foster the sharing of medically guided expertise in a worldwide network of healthcare professionals to improve patient care in trauma or disorders of the musculoskeletal system.

The AO Principles of fracture management

1. Fracture reduction and fixation to restore anatomical relationships.
2. Preservation of the blood supply to soft tissues and bone by gentle reduction techniques and careful handling.
3. Fracture fixation providing absolute or relative stability, as required by the "personality" of the fracture, the patient and the injury.
4. Early and safe mobilization and rehabilitation of the injured part and the patient as a whole.
Welcome

On behalf of AOCMF and your local and international faculty, I would like to welcome you to this AOCMF course.

AOCMF is a worldwide multi-specialty community that serves as the voice and professional resource for craniomaxillofacial trauma and reconstruction. Our organization creates a forum for specialists who have common interests and enthusiasm in this field. It is our goal to encourage and inspire younger surgeons, such as residents, fellows, and early practitioners to pursue fulfilling careers in our field.

Education has always been a major pillar in AOCMF. Currently, more than 2500 surgeons participate in over 80 AOCMF courses worldwide per year. AOCMF Education is committed to remaining in the forefront of education and new developments as we strive to improve your educational experience with us.

We hope that your experience with us over the next few days will result in the acquisition of new knowledge, skills and understanding, which will translate into an improvement in the care that you are able to give your patients.

We also hope that, as a result of this course, you will wish to develop a longer term relationship with AOCMF and become a member of our community. Make this organization yours by bringing in your opinions and ideas. Enjoy the camaraderie of our network and help us maintain and expand the preeminent position that AOCMF enjoys worldwide.

Yours sincerely

Rolf Ewers
Course Chairman

Goal of the course
This course with practicals on human specimens is designed to present and teach all essential operative procedures in oral and maxillofacial surgery.

We also offer you the chance to practice under expert guidance.

Course objectives
On completion of this course the participant will:

• know how to perform the most relevant surgical approaches safely
• be able to carry out the most essential operative procedures step by step
• develop and/or enhance their surgical skills in a variety of operative techniques in oral and maxillofacial surgery
• gain an improved understanding of complex anatomical structures

Course description
Course Concept: Practicals on human specimens, Lectures

This three-day intensive course trains on fresh frozen human specimens.

Each practical session will include a step by step introduction followed by an on-site demonstration.

Participants will then perform the same technique on human specimens.

2 participants per human specimens.

Target audience
• Maxillofacial Surgeons
• Plastic and reconstructive surgeons
• Otolaryngologists
• Surgeons of related disciplines

Attention! The number of participants is limited to 18 participants.

Course fee
Payment before February 28, 2014: Euro 1.130,50
Payment after February 28, 2014: Euro 1.190,–

Covers admission, course bag, coffee breaks,
lunches and the course dinner on Thursday, April 03, 2014.

Cancellation
No refund for cancellations within 10 days before event.

Payment of course fee by credit card will not be accepted!
Course information

Accreditation
The 5th AOCMF Operative Techniques in Oral and Maxillofacial Surgery Course will get accreditation from the European Accreditation Council for Continuing Medical Education (EACCME) to provide CME activity for medical specialists.

The EACCME is an institution of the European Union of Medical Specialists (UEMS).

www.uems.net

Evaluation guidelines
All AOCMF courses apply the same evaluation process, either ARS (audience response system) or paper and pencil questionnaires. This will help AOCMF to ensure that we continue to meet your training needs.

Intellectual property
Course materials, presentations, and case studies are the intellectual property of the course faculty. All rights are reserved.

Recording, photographing or copying of lectures, practical exercises, case discussions, or any course materials is absolutely forbidden.

Security
Wearing of a name tag is compulsory during lectures, workshops, and group discussions.

No insurance
Course organization does not provide insurances to cover participants against accidents or other risks. Personal belongings deposited in the dissection room are at the responsibility of their owners.

Mobile phone use
Mobile phone use is not allowed in the lecture halls and in other rooms during educational activities. Please be considerate of others by turning off your mobile phone.

**AOCMF membership**

Participation in the AOCMF community guarantees life-long learning opportunities and continuous professional development.

**Online access to scientific journals**
Stay up to date on the latest practices and advancements in the field of craniomaxillofacial surgery.

**Online case discussions**
Participate in the interactive exchange of professional opinions.

**AOCMF Videos**
Make use of our multimedia teaching and learning materials.

**AOCMF Journal**
Cranio-maxillofacial Trauma and Reconstruction publishes primary and review articles covering all aspects of surgery of the head, face, and jaw. Available free of charge to all AOCMF members.

**AO Publications**
Take advantage of special discounts and free offers for AOCMF members.

**AO Surgery Reference**
See surgical procedures explained step by step.

**Precondition**
The prerequisite for becoming a part of the AOCMF membership community is attendance at one certified AOCMF education event.

**Membership types**
- AOCMF e-Member (€30 / $35)
- AOCMF Member (€50 / $65)
  - e-Member access plus printed copies of Full online access to all member benefits various AO publications

**Providing a common ground for excellence in craniomaxillofacial surgery**
