

Benjamin Pradere

Medical University of Vienna, Austria

Benjamin Pradere received his MD in the Urology and Oncology Unit of the University Hospital Center of Tours. He is actually working as an Onco-Urology Fellow, in the department of Urology, Comprehensive Cancer Center Medical University of Vienna. He attended a one-year clinical and research fellowship on behalf of the Endourological Society at the Urology department of Tenon Hospital Paris under the supervision of Prof. Traxer. He worked on conservative treatment of UTUC and on a new technology for urothelial carcinoma diagnosis which received several prizes, both nationally (French National Academy of Surgery) and internationally (AUA, Endourological society).

Since 2016, Benjamin Pradere has been the chairman of the French Association of Young Urologists (AFUF), who creates educational and scientific materials. He is involved in the EAU's Young Urologists Office (YUO) and the Young Academic Urology office in the urothelial board. Benjamin Pradere is also involved as a Junior Associate for the EAU Guidelines since 2015 in the Urological Infection panel and has started to collaborate with the EAU Guidelines Office Social Media Group in 2018.

He authored and coauthored over 100 peer-reviewed articles in international journals, as well as several book chapters. He is involved as a reviewer and associate editor in different national and international journals. His main areas of interest include urologic oncology and endo-urology with a focus on kidney, upper urinary tract and bladder cancers.
