

CERTIFICATE OF ATTENDANCE

The Jena University Hospital certifies, that the

Klinisches Institut für Labormedizin

Währinger Gürtel 18–20, 1090 Wien

participated in the Proficiency Test scheme 2024.

This included:

- Testing the homogeneity of plasma aliquots after centrifugation of blood samples by measuring the platelet count.
- Testing of volume accuracy of plasma aliquots after centrifugation of blood samples and aliquoting by gravimetric determination of the volume
- Verification of entry control and corresponding documentation
- Assessment of the shipping and packing of potential infectious samples according to ADR/IATA (UN3373)
- Temperature monitoring of samples during shipment on dry ice

Jena, 27th June 2024

Sven Heiling
