

## Learning objectives – mandatory

The fulfilled and assessed learning objectives must be marked by the student with an x.

The assessment can be performed by the mentor in three ways: direct observation of the student during performance of a clinical activity (see page ii), CPY task (see page P4-P6), Mini-CEX/DOPS (see page v-vi). At the end of completion of the CPY tertial in the respective department, fulfilment of the learning objectives must be signed off by the mentor.

Competence	Objectives completed
<b>Taking a medical history</b>	
1. Taking a systematic history (symptoms, current complaints, the patient's life situation, his/her understanding of the illness and concerns, social and cultural background and illness experience)	<input type="radio"/>
2. Taking a targeted, hypothesis-directed history	<input type="radio"/>
3. Clarifying the patient's expectations and requests for the consultation	<input type="radio"/>
4. Taking history in patients with special communication needs, e.g. language or speech problems	<input type="radio"/>
5. Communicating in a multi-disciplinary team	<input type="radio"/>
<b>Performance of examination techniques</b>	
6. Symptom-oriented examination and organisation of further diagnostics	<input type="radio"/>
7. Assessment of a wound	<input type="radio"/>
8. Assessment of burning depth and extent of skin damage	<input type="radio"/>
9. Diagnosis of nerve compression of the median, ulnar and radial nerve	<input type="radio"/>
10. Assessment of a hand status	<input type="radio"/>
11. Assessment of leg ulcers and decubital ulcers	<input type="radio"/>
12. Assessment of a scar	<input type="radio"/>
<b>Performance of routine skills</b>	
13. Assessment and initial care of external injuries (wounds, bleeding, burns, sprains, dislocations, fractures)	<input type="radio"/>
14. Preoperative hygiene measures (surgical hand disinfection, dressing of sterile gloves, etc.)	<input type="radio"/>
15. Preoperative preparation of the surgical field for minor surgical procedures (asepsis, antisepsis)	<input type="radio"/>
16. Wound cleaning	<input type="radio"/>
17. Removal of sutures and drainages	<input type="radio"/>
18. Applying a dressing (head dressing, hand bandage, plaster splint, etc.)	<input type="radio"/>
19. Performing a sterile dressing change	<input type="radio"/>

## Competence

Objectives completed

### Therapeutic measures

- |  |                       |
|--|-----------------------|
| 20. Application of local anaesthesia                       | <input type="radio"/> |
| 21. Application of measures for intraoperative haemostasis | <input type="radio"/> |
| 22. Performing a skin suture after surgery                 | <input type="radio"/> |
| 23. Application and changing of a VAC dressing             | <input type="radio"/> |

### Communication with patient/team

- |   |                       |
|---|-----------------------|
| 24. Taking history during inpatient admission for the ward or initial outpatient presentation | <input type="radio"/> |
| 25. Communication in an interdisciplinary team  | <input type="radio"/> |
| 26. Presentation of patients during the rounds  | <input type="radio"/> |
| 27. Posing a clinical question and performing targeted literature research for its solution   | <input type="radio"/> |
| 28. Comprehending hints and signs of child abuse  | <input type="radio"/> |
| 29. Contribution to the preoperative checklist under participative decisioning                | <input type="radio"/> |
| 30. Participation in specialized consultations / outpatient clinics                           | <input type="radio"/> |

### Documentation

- |  |                       |
|--|-----------------------|
| 31. Writing a journal or e-journal   | <input type="radio"/> |
| 32. Writing an outpatient and / or inpatient patient letter                                    | <input type="radio"/> |
| 33. Filling out an examination assignment / requisition for instrumental investigation         | <input type="radio"/> |
| 34. Prescribing prescriptions and therapy arrangements   | <input type="radio"/> |
| 35. Coding of the diagnoses  | <input type="radio"/> |
| 36. Clarifying with nursing staff monitoring measures and calling criteria concerning patients | <input type="radio"/> |
| 37. Active and passive activities in the field of data protection                              | <input type="radio"/> |
