

Learning objectives – mandatory

The fulfilled and assessed learning objectives must be marked by the student with an x.

The assessment can be performed by the mentor in three ways: direct observation of the student during performance of a clinical activity (see page ii), CPY task (see page P4-P6), Mini-CEX/DOPS (see page v-vi). At the end of completion of the CPY tertial in the respective department, fulfilment of the learning objectives must be signed off by the mentor.

Competence	Objectives completed
Taking a medical history	
1. Taking oncological history	☐
2. Identifying risk factors and dangerous lifestyle including smoking history	☐
Performance of examination techniques	
3. Assessing and determining performance status	☐
4. Assessing acute symptoms	☐
5. Conducting diagnostic planning	☐
6. Conducting lymph node examination	☐
7. Preparing and conducting rectal examination	☐
8. Examining reproductive organs	☐
9. Interpreting findings	☐
10. Recognising therapy side effects and initiating diagnostics	☐
11. Recognising oncological emergencies	☐
Performance of routine skills	
12. Administering intramuscular and subcutaneous injections	☐
13. Performing intravenous injections	☐
14. Removing drains	☐
15. Removing central venous catheter	☐
16. Obtaining consent for medical procedures	☐
17. Assisting with biopsies	☐
18. Assisting with joint punctures	☐
19. Inserting nasogastric tube	☐
20. Conducting surgical preparation	☐

Competence

Objectives completed

Therapeutic measures

21. Applying principles of evidence-based medicine	☐
22. Applying therapy guidelines	☐
23. Applying oncological pharmacotherapy	☐
24. Understanding systemic therapies	☐
25. Applying supportive therapy concepts	☐
26. Understanding fundamentals of radiotherapy	☐
27. Interpreting radiotherapy planning	☐
28. Applying radio-oncological supportive therapy	☐
29. Conducting anticoagulation	☐
30. Obtaining surgical consent forms	☐
31. Conducting preoperative assessment	☐
32. Applying pain therapy and palliative care	☐
33. Assessing therapy suitability	☐

Communication with patient/team

34. Conducting interdisciplinary communication	☐
35. Conducting patient education	☐
36. Conducting telephone communication	☐
37. Breaking bad news	☐
38. Conducting lifestyle counselling	☐
39. Conducting cancer prevention counselling	☐

Competence

Objectives completed

Documentation

- | | |
|--|-----------------------|
| 40. Accessing patient-specific information in hospital information systems (AKIM, RDA) | ☐ |
| 41. Documenting findings in patient records | ☐ |
| 42. Coding diagnoses | ☐ |
| 43. Creating discharge letters and referral letters | ☐ |
| 44. Completing death certificate or requesting autopsy (simulated situation) | ☐ |
| 45. Presentation and discussion of patient case in tumour board | ☐ |
| 46. Creating diagnostic plan to confirm suspected diagnosis in neoplastic diseases | ☐ |
