

IIIrd Symposium on Management of Laryngotracheal Problems

Vienna, 16th – 17th March 2018
Division of Thoracic Surgery & Department of
Otorhinolaryngology

www.meduniwien.ac.at/laryngotrachealvienna

Walter Klepetko
Prof. of Thoracic Surgery

Doris-Maria Denk-Linnert
Prof. of Phoniatics

Dear Colleagues,

This is already the third time we host an international meeting in Vienna focusing on airway surgery. Based on the success of our previous meetings in 2014 and 2016 we decided to once more invite experts in the field to join us for a two days conference.

As the nature of airway surgery requires a close cooperation between different specialties (thoracic surgeon, otolaryngologists, anesthetists, pediatricians, pulmonologists, etc) the meeting intends to address a broad audience involved in management of the laryngotracheal „border zone“.

We would like to welcome you in Vienna! Enjoy the spirit of the city and obtain a very special information.

Walter Klepetko

Doris-Maria Denk-Linnert

16th March 2018

9.00 - 9.05 am

Welcome remarks

Walter Klepetko, Doris-Maria Denk-Linnert, Vienna, Austria

9.05 – 10.20 am

Benign airway stenosis

Chairs: Konrad Hoetzenecker, Vienna, Austria,
Alexander Gelbard, Nashville, USA

Historic notes on airway surgery

Paolo Cardoso, Sao Paolo, Brazil

Pathophysiology of airway scarring

Alexander Hillel, Baltimore, USA

Principles of tracheal resections

Erich Stoelben, Cologne, Germany

Principles of cricotracheal resections

Cesare Piazza, Milan, Italy

Discussion

10.20 – 11.20 am

Functional aspects

Chairs: Paolo Cardoso, Sao Paolo, Brazil,
Imme Roesner, Vienna, Austria

Muscular and nerval structures of the larynx and their function

Hans Eckel, Klagenfurt, Austria

How to standardize function:

– voice

Berit Schneider-Stickler, Vienna, Austria

– swallowing

Doris-Maria Denk-Linnert, Vienna, Austria

Proposal for a standardized reporting system in laryngotracheal surgery

Tom Schweiger, Vienna, Austria

The launch of the ESTS-LTS Database

Michele Salati, Ancona, Italy

Discussion

11.20 – 11.45 am

Coffee break

11.45 am – 12.30 pm

Don't forget to breath

Chairs: Erich Stoelben, Cologne, Germany,
Doris-Maria Denk-Linnert, Vienna, Austria

The anesthetist's perspective: How to anesthetize and ventilate an airway patient

Helmuth Hager, Vienna, Austria

Extracorporeal membrane oxygenation in airway surgery

Konrad Hoetzenecker, Vienna, Austria

Discussion

12.30 – 1.00 pm

Faculty – case and video session

Chairs: Michele Torre, Genoa, Italy,
Cesare Piazza, Milan, Italy

1.00 – 1.45 pm

Lunch break

1.45 – 3.25 pm

Tracheostomy

Chairs: Erino A Rendina, Rome, Italy,
Guri Sandhu, London, United Kingdom

Open tracheostomy – techniques and indications

Dietmar Thurnher, Graz, Austria

Percutaneous tracheostomy – techniques and indications

Tanel Laisaar, Tartu, Estonia

Complications after tracheostomy

Alexander Gelbard, Nashville, USA

Discussion

Tracheostomy in pediatric patients – how I do it...

Kishore Sandu, Lausanne, Switzerland

Cannula management and glottic function following pediatric tracheostomy

Doris-Maria Denk-Linnert, Vienna, Austria

Voice development in tracheostomized children

Glen Edward Green, Michigan, USA

Discussion

3.25 – 5.00 pm
Technical solutions for special situations

Chairs: Walter Klepetko, Vienna, Austria,
Cesare Piazza, Milan, Italy

Special situations in the larynx
Vocal fold paresis: uni- and bilateral
- how to improve quality of voice and function
- how to manage the disaster

Wolfgang Bigenzahn, Vienna, Austria

Preemptive glottic enlargement: where is the place for it?

Tom Schweiger, Vienna, Austria

T-Tubes – past, present and future?

Paolo Cardoso, Sao Paolo, Brazil

Endoscopic posterior split and cartilage graft laryngoplasty

Christopher Wootten, Nashville, USA

Extended resections
Release maneuvers for extended resections

Erino A Rendina, Rome, Italy

Flaps for reconstructions at the neck

Cesare Piazza, Milan, Italy

Discussion

5.00 – 5.20 pm

Coffee break

5.20 – 6.00 pm
Best cases and video session

Chairs: Paolo Cardoso, Sao Paolo, Brazil,
Lutz Freitag, Zurich, Switzerland

17th March 2018

9.00 – 10.20 am
Idiopathic subglottic stenosis

Chairs: Kishore Sandu, Lausanne, Switzerland,
Erich Stoelben, Cologne, Germany

Etiological factors – lessons learned from the North American Airway Collaborative

Alexander Gelbard, Nashville, USA

Treatment-endoscopic techniques and results

Guri Sandhu, London, United Kingdom

Treatment-resection techniques and results

Walter Klepetko, Vienna, Austria

Functional outcome after resection

Imme Roesner, Vienna, Austria

Discussion

10.20 – 10.40 am

Coffee break

10.40 am – 12.10 pm

Challenges in pediatric airway surgery

Chairs: Walter Klepetko, Vienna, Austria,
Glen Edward Green, Michigan, USA

The floppy airway

Kishore Sandu, Lausanne, Switzerland

Optimizing outcomes in pediatric airway disease

Christopher Wootten, Nashville, USA

Aortopexy for localized tracheomalacia

Michele Torre, Genoa, Italy

Clefts and fistulas

Kishore Sandu, Lausanne, Switzerland

Case presentations and discussion

12.10 – 1.00 pm

Lunchbreak

1.00 – 1.45 pm

The 3rd Dimension

Chairs: Michele Salati, Ancona, Italy,
Hans Eckel, Klagenfurt, Austria

3D models in the diagnosis of subglottic airway stenosis

Konrad Hoetzenecker, Vienna, Austria

3D-modelled costum-made airway stents

Lutz Freitag, Zurich, Switzerland

3D-printed personalized external airway splints to stabilize tracheomalacia

Glen Edward Green, Michigan, USA

Discussion

1.45 – 2.45 pm

Malignancies

Chairs: Paolo Cardoso, Sao Paolo, Brazil,
Erino A Rendina, Rome, Italy

Primary tumors of the trachea – the surgeon's perspective

Cesare Piazza, Milan, Italy

Interventional techniques for palliation

Lutz Freitag, Zurich, Switzerland

Case selection of secondary tumors infiltrating the airway

Walter Klepetko, Vienna, Austria

Discussion

2.45 pm

Video session

Chairs: Walter Klepetko, Vienna, Austria,
Doris-Maria Denk-Linnert, Vienna, Austria

Closing remarks

Walter Klepetko, Vienna, Austria,
Doris-Maria Denk-Linnert, Vienna, Austria

Scientific Programme Committee

Konrad Hoetzenecker, Vienna, Austria
Tom Schweiger, Vienna, Austria
