ÖPPM – Joining Forces for
Personalized Medicine
Invitation to the
2nd Annual Meeting

11th-12th October 2018
Medical University of Graz

Austrian Platform for Personalized Medicine

Austrian Platform for Personalized Medicine

The Austrian Platform for Personalized Medicine is a national platform to connect all stakeholders and interested parties in the field. It is open to individuals and organizations wanting to contribute to the future of personalized medicine in Austria.

We cordially invite you to our second scientific congress with a public panel discussion entitled "Personalisierte Medizin - Wer oder was steht im Mittelpunkt?". We are looking forward to stimulating discussions!

Renate Kain

President of the Austrian Platform for Personalized Medicine
Medical University of Vienna

Barbara Obermayer-Pietsch

Board Member of the Austrian Platform for Personalized Medicine
Medical University of Graz

Caroline Schober-Trummler

Vice-Rector for Research and International Matters
Medical University of Graz

The program will be available soon at
