Dear colleagues!

It is a pleasure to welcome you to the guest lecture of Gregory Evans entitled „Aesthetic afternoon“ at the Medical University of Vienna.

Gregory Evans is Professor of Surgery and Biomedical Engineering and Chair of the Department of Plastic Surgery at the University of California, Irvine, USA.

He is one of the leading experts in the field of cancer reconstruction procedures, including free tissue transfer for breast, head and neck. However, he also specializes in the full spectrum of plastic surgery, with a focus on cosmetic surgery such as face, eyes, abdomen, breasts and body contouring.

I am looking forward to welcoming you to this lecture which takes place in the Jugenstilhörsaal at the Medical University of Vienna.
