

ÖGAI – EFIS on Tour Symposium

Friday, March 31st, 2023
13:00 – 18:30

Medizinische Universität Wien
Jugendstilhörsaal im Rektoratsgebäude
Spitalgasse 23 (BT 88)
1090 Wien

Co-Chairs:

Wolfram Hötzenecker – Winfried F. Pickl

- 13:00 – 13:15 **Welcome and Introduction**
Michaela Fritz – Vice Rector for Research and Innovation, Medical University of Vienna
Wolfram Hötzenecker – President, Austrian Society of Allergology and Immunology (ÖGAI)
- About EFIS**
Winfried F. Pickl – Treasurer, European Federation of Immunological Societies (EFIS)
- 13:15 – 13:45 **Vaccination in the light of the COVID-19 pandemic**
Ursula Wiedermann – Medical University of Vienna
- 13:45 – 14:15 **Insights in human B cell differentiation upon infection and vaccination**
Marieke van Ham – Sanquin Research, Amsterdam
- 14:15 – 14:45 **Generation of memory plasma cells by vaccination**
Andreas Radbruch – German Rheumatology Research Centre, Berlin
- 14:45 – 15:15 **The mechanisms of allergen-specific immunotherapy**
Rudolf Valenta – Medical University of Vienna
- 15:15 – 15:45 **Imaging and sequencing: adding more content to the high parameter cytometry landscape**
Jens Fleischer – BD BioSciences, Heidelberg
- 15:45 – 16:15 **Coffee break**
- 16:15 – 16:45 **Precision medicine in dermatology and allergology**
Wolfram Hötzenecker – Kepler University Hospital, Linz
- 16:45 – 17:15 **Factors and mechanisms regulating skin immunity**
Maria Sibilica – Medical University of Vienna
- 17:15 – 17:45 **Immunosensing of liver metabolic stress and early events in development of steatohepatitis**
Bojan Polić – University of Rijeka
- 17:45 – 18:15 **Human T lymphocytes: activation, differentiation and immune regulation**
Federica Sallusto – ETH Zürich and IRB Bellinzona
- 18:15 – 18:30 **Wrap up**
