

**Bruno K. Podesser**

Head of Center for Biomedical Research and Translational Surgery

**Dear Scientists and Researchers at the MedUni Vienna,**

All of us are heavily engaged in our daily work. Besides, there is an intensive turnover of students and postdocs. Therefore, we often overlook, what is going on in the labs and research institutions next door within our own university. The Center for Biomedical Research and Translational Surgery initiates together with the Core Facilities and other Research Centers a series of “open lab days”. The idea is simple: “get to know your neighbours and what they do”.

It is my pleasure, to invite you all to the kick-off of this series on the 6<sup>th</sup> June 2024 at 3.00 pm for a tour of our center. The programme is attached.

We have invited Herwig Czech as a special guest, Professor of the History of Medicine at our University. His talk will be dedicated to the fundamentals of our University, a brief history of “Wiener Medizinische Schule”. Please register as soon as possible, so that we can organise the lab-tours accordingly.

Together with my team, I look forward to your visit, yours

Bruno K. Podesser

To help us prepare for the event, please register by 30<sup>th</sup> May 2024:  
biomedizin-forschung@meduniwien.ac.at

Center for Biomedical Research and Translational Surgery Building 24, Level 1, coming from Spitalgasse 23, 1090 Vienna

Please be aware that photographs and/or video footage will be taken at the event. These may be used for the purpose of documenting or reporting the event and published in print and online media, on various social media platforms and on MedUni Vienna’s website.

Open Lab Day  
Thursday, 6<sup>th</sup> June 2024,  
2.30 – 6.00 pm

## Programme

2.30 – 3.00 pm

### **Doors open**

Our open lab day starts in our seminar room

---

3.00 – 3.10 pm

### **Welcome**

Bruno Podesser, Center for Biomedical Research and  
Translational Surgery, MedUni Vienna

---

3.10 – 3.40 pm

### **“Wiener Medizinische Schule”, a historical perspective**

Herwig Czech, Ethics, Collections and History of  
Medicine, Medical University of Vienna

---

### **Afterwards, the group leaders of the Center for Biomedical Research and Translational Surgery invite you to a guided tour**

Two slots are offered with the same programme content

3.40 – 4.40 pm

### **Guided tour I – core methods**

4.50 – 5.50 pm

### **Guided tour II – core methods**

### **Core methods:**

- Myograph and Organoids
  - The Working Heart
  - Transplantation Models and Immune System
  - Perfusion Bioreactors, 3D (bio)printing and PV Loops
  - High-Performance Liquid Chromatographic determination (HPLC) and Preclinical Imaging
- 

3.40 – 6.00 pm

### **Coffee, video and poster**

In parallel to our lab presentations, we invite you to  
join us for video- and poster presentations in our  
Café Udo.

---

6.00 pm

### **Drinks and snacks will be served**
