

**Invitation to the auditions and hearings for the position of
„Assistant Professor in Translational Immunology/ Immunometabolism for the Messerli
Research Institute of Human Animal Interactions (Tenure Track)“
at the Medical University of Vienna**

Tuesday, June 2, 2026

SCIENTIFIC LECTURES:

Place: Jugendstilhōrsaal, Level 2, Room number 88.02.905, 1090 Vienna, Spitalgasse 23

Time: 9.00 – 12.15

Format: Public lectures, 20min followed by 10min of discussion, language of presentation: English

09:00 - 09:30 – Corrado

Trick or treat: twisting immunity with metabolism

09:30 - 10:00 – Goncalves

**From Efficiency to Dysfunction: Decoding
Mitochondrial Redox Signals Across Species**

10:00 - 10:30 – Hendrikx

**When Harmless Turns Harmful: Immunometabolic
Networks Linking Liver Disease to Cardiometabolic
Risk**

Break 10:30 – 10:45

10:45 - 11:15 – Auger

**Mitochondrial control of innate immune responses in
the human-animal interplay**

11:15 – 11:45 – Liccardi

**Immunometabolic control of inflammatory cell fate:
from innate immune sensing to disease pathology**

11:45 – 12:15 – Lisci

Harnessing protein synthesis to modulate immunity
