

**MAY 28th 2021**

**2pm-5pm**

The meeting will be hosted on Webex.  
Find information on login below.

## Scientific Program

Medical University of Vienna  
[www.meduniwien.ac.at](http://www.meduniwien.ac.at)

- 2pm C. Neumayer/ Vienna: Welcome, Introduction “Vascular reconstruction under infectious conditions”
- 2:20 D. Garbaisz/ Budapest, “Infrainguinal allograft bypass in chronic limb threatening ischemia (retrospective study)”
- 2:35 Z. Krasinski/ Poznan, “National registry of patients treated with BioIntegral Surgical No-React® grafts in Poland”
- 2:50 M. Dimova/ Sofia, “Initial experience with BioIntegral surgical grafts for below the knee bypass surgery”
- 3pm M. Ionac/Timisoara, “Prefabricated bovine pericardial graft as alternative material for vascular reconstruction”
- 3:10 P. Metzger, St. Johann/T, “Experiences in the use of No-React® BioIntegral Graft and No-React® BioIntegral Surgical Patch in PTFE prosthesis infection after arterial reconstruction (3 cases)”
- 3:20 S. Przywara, Lublin, “Bioengineered grafts for vascular reconstructions in patients with lower extremity arterial disease. Single centre experience”
- Break -----
- 3:45 C. Burghuber/ Vienna: „BioIntegral prosthesis below the knee, multicenter study from 4 Austrian centers“
- 4pm A. Zdoroveac/ Aarau: “Single- centre experience with bovine pericardium grafts for vascular infections”
- 4:15 G. Oszkinis/ Opole, “Prefabricated bovine pericardial grafts for femoro-popliteal bypass. (4 case – series)
- 4:25 P. Luszczak/ St. Pölten, “Septic groin bleeding after pericardial patch treated with pericardial graft”
- 4:35 P. Vitasek/ Prague, “Managing the complications of BioIntegral biological graft in infrainguinal reconstruction. Cases reports of two patients“
- 4:45 C. Domenig/ Vienna, “Transiliac approach for extraanatomic arterial reconstruction”
- 5:10 C. Neumayer/ Vienna: Concluding remarks

Meeting Login information:

The Webinar will be hosted on the platform Webex.
