

## WiGeV immunization record form – Guidelines

Link to form required [here](#) (scroll down to “Immunitätsnachweis”)

- The social security number (“Sozialversicherungsnummer”) only has to be indicated by Austrian citizens / students who have an Austrian social security number, otherwise this field can be left empty.
- For all diseases listed on the form (Diphtheria, Tetanus, Pertussis and Poliomyelitis, Measles, Mumps, Rubella, Varicella, Hepatitis B) either the vaccination date and/or a recent antibody titer have to be indicated.
- In case an antibody is indicated, date and measuring unit (e.g. IgA, IgG..) have to be included.
- A vaccination against Diphtheria, Tetanus, Pertussis and Polio may not date back longer than 10 years! If applicable, either a refresher vaccination has to be obtained or an antibody titer has to be indicated.
- The form needs to be signed and stamped by an accredited physician (e.g. family doctor).
