## Learning Agreement

Starting with the academic year 2020/21, the Medical University of Vienna will exclusively use the **Online Learning Agreement (OLA)**. Students will be invited to **prepare their OLA during the application procedure** based on a sample Learning Agreement prepared in Mobility-Online (the OLA does not have to be submitted by April 30th).

When **entering their course selection and preparing their sample Learning Agreement** in Mobility-Online, students have to enter the **details of each course and/or clinical clerkship** of the planned semester programme, both at the host institution and the home institution.

**Example:** Selected course at the **host institution** (Medical University of Vienna) with the required fields **Course unit code**, **Course unit title**, and **Number of credits**

The same three fields **Course unit code**, **Course unit title**, and **Number of credits** have to be entered for the corresponding **course to be recognized by the home institution** upon successful completion of the course (e.g. 5DIPLMNEUR) at MedUni Vienna.

Students have to **refer to their home university's International Office** for the details of the courses to be recognized by the home institution.

As host institution, MedUni Vienna is not involved in the recognition procedures of the home institutions.
