

We are diverse...

... and represent many different perspectives. We aim to increase awareness and acceptance of diversity at the Medical University of Vienna and the University Hospital Vienna, as well as in society as a whole.

If you are interested to join us, want to get involved or would just like to meet some new queer people, contact us or come along to our next meeting.

Our meetings and activities are announced on Instagram and Facebook or send us an email – see details below.

Community

We're here, we're queer and we're visible. You are not alone.

Come to a meeting and get to know us. All details about our various activities are here: www.meduniwien.ac.at/regenbogengruppe

Who we are

We are a group of lesbian, gay, bisexual, transgender, intersex and other queer students and staff of the Medical University of Vienna and the University Hospital Vienna.

We are dedicated to ensure that diversity including sexual orientation and different sexual identities are acknowledged, recognised and respected.

We aim to increase awareness and education among healthcare staff about the needs of LGBTIQ+ patients.

What we do

- regular meetings to discuss our activities
- networking
- social activities
- representation annually at the Vienna Pride parade
- informative brochures for LGBTIQ+ patients
- organisation of conferences, training and lectures

Have you been confronted with negative comments, prejudice or discrimination? We can offer help and support.

Join us! We look forward to meeting you.
