

Announcement of a Professorship Position for „Cardiovascular Biomarker Research“ at the Medical University of Vienna

The Medical University of Vienna (MedUni Vienna) with more than 5.500 employees and about 8.000 students is one of the largest academic medical schools in the EU area. At the Unit “Core Facilities” of the MedUni Vienna the Position of a Professor for Cardiovascular Biomarker Research according to § 99 (1) University Act (UG) 2002 is available. The appointment will be in accordance with the Salaried Employees Act under a fixed-term contract for a period of three years.

Employment requirements:

- Graduation in Medicine and/or a PhD or a corresponding equivalent foreign university degree in the relevant field of specialization
- Profound scientific qualification in the field of proteomics, lipidomics and genomics
- Expertise in mass spectrometry systems and post-processing data management
- Evidence of successful acquisition of competitive third-party funds
- Several years of successful leadership of a scientific group, leadership and management experience to run a technology platform, including competence in gender and diversity issues
- Experience in interdisciplinary cooperation
- Educational and didactic qualification
- International experience

Expectations:

- Interdisciplinary and multidisciplinary research to strengthen the cardiovascular research cluster and interactions with all other research clusters described in the university’s development plan
- Representation of the subject area in the medical curriculum aimed at integrative and practice oriented training
- Competence in employee leadership and motivation
- Commitment to quality outcome orientation and willingness to further enhance the personal management qualifications

MedUni Vienna aims to increase the proportion of women in executive positions and therefore expressively invites qualified female candidates to apply. In case of equivalent qualifications, preference will be given to female applicants.

Applications must be submitted in English to the Rector of the Medical University of Vienna, (faculty-recruiting@meduniwien.ac.at) by September 30th, 2020 at the latest. Applications should include (i) curriculum vitae, (ii) list of publications, (iii) summary of research and teaching activities, (iv) presentation of experiences in the area of organization, management, leadership tasks and performance planning, (v) the ten best publications according to the opinion of the applicant (original scientific papers or reviews appropriate to this announcement) with the possibility of electronic downloading. Applicants are requested to complete the form (FactSheet) posted online and to attach it to their application: https://www.meduniwien.ac.at/Factsheet_Professur_99_1_UG/
