

Doctoral viva (Rigorosum) in the *Doctoral Programme of Applied Medical Science N094*

(to all who are interested in)

presented by:

Mr Dr.med.univ. Peter Wolf

Doctoral thesis title:

Modulation of cardiac steatosis and its impact on heart function in healthy subjects and type 2 diabetic patients

Thematic program:

N094 Endocrinology and Metabolism

On 10 January 2019, at 15 Uhr

AKH Seminarraum auf Ebene 20

Supervisor of the thesis:

Herr Ao.Univ.-Prof. Dr.med.univ. Michael Krebs

Universitätsklinik für Innere Medizin III

Doctoral viva (Rigorosum) in the *PhD-Programme N094*

(to all who are interested in)

presented by:

Ms Mag.rer.nat. Tina Hofmaier

Doctoral thesis title:

On the Role of Levamisole as Cocaine Adulterant

Thematic program:

N094 Molecular Signal Transduction

On 22 January 2019, at 14 Uhr

Leseraum, Hochpaterre, Währingstraße 13a

Supervisor of the thesis:

Herr Univ.-Prof. Dr. Harald Sitte

Zentrum für Physiologie und Pharmakologie
Institut für Pharmakologie

Doctoral viva (Rigorosum) in the *PhD-Programme N094*

(to all who are interested in)

presented by:

Ms Mag.rer.nat. Barbara Schrammel

Doctoral thesis title:

Survival patterns of starving Legionella - implications for diagnostics and infection of host cells

Thematic program:

N094 Immunology

On 22 January 2019, at 15 Uhr

Seminar-Raum 3 in der Kinderspitalgasse 15, 2. Stock

Supervisor of the thesis:

Herr Assoc. Prof. Mag. Dr. Alexander Kirschner

Zentrum für Pathophysiologie, Infektiologie und Immunologie
Institut für Hygiene und Angewandte Immunologie

Doctoral viva (Rigorosum) in the *Doctoral Programme of Applied Medical Science N790*

(to all who are interested in)

presented by:

Mr Dr.med.univ. Stefan Weisshaar

Doctoral thesis title:

Antithrombotic triple therapy and its effect on coagulation activation at the site of thrombus formation in vivo in healthy volunteers

Thematic program:

N790 Preclinical and Clinical Research for Drug Development

On 29 January 2019, at 14 Uhr

AKH Hörsaalzentrum Ebene 7 Kursraum 7

Supervisor of the thesis:

Herr Univ.-Prof. Dr.med.univ. Michael Wolzt
Universitätsklinik für Klinische Pharmakologie

Doctoral viva (Rigorosum) in the *Doctoral Programme of Applied Medical Science N790*

(to all who are interested in)

presented by:

Mr Dr.med.univ. Wolfgang Winnicki

Doctoral thesis title:

Individualization of immunosuppressive therapy with mycophenolic acid precursors by pharmacokinetic, pharmacodynamic and pharmacogenetic testing

Thematic program:

N790 Clinical Endocrinology, Metabolism and Nutrition

On 13 February 2019, at 11 Uhr

AKH Seminarraum Ebene 20 (20.G2.04) rot

Supervisor of the thesis:

Herr Assoc. Prof. Priv.-Doz. Dr. Gürkan Sengölge
Universitätsklinik für Innere Medizin III
