

Checklist for teachers and students

Proof of basic immunisation

vaccinated 3 times, or
recovered vaccinated vaccinated, or
vaccinated vaccinated recovered, or
vaccinated recovered vaccinated

Applies to teachers and students

Must be presented together with proof of identity on entering the class/examination room

Certificate is to be checked by the teacher when no security staff are present at the class (otherwise checked by Security)

In justified cases, as dictated by the epidemiological situation, a negative PCR test may be requested despite vaccination

Students without a certificate may not participate in the class and must leave the classroom immediately

Exception: if vaccination is not possible due to pregnancy or danger to life or health, this must be proven by means of the medical vaccination exclusion certificate provided by MedUni Vienna or, if the third vaccination is not yet possible due to the recommended or statutory intervals, credible proof of this must be provided; in both cases negative PCR test < 48 h required

Please note: for the clinical area, please observe the specific regulations valid there

Make sure you get the 3rd vaccination as soon as you can!

Masks - FFP2

Masks are compulsory from the moment you enter the teaching building until the moment you leave it.

Masks must also be worn during classes

Masks must also be worn outdoors on the university campus where a distance of two meters cannot be maintained (entrances, assembly points, etc.)

Contact tracing

Course instructors must keep student attendance lists and retain them for contact tracing purposes

Room ventilation

Please observe the ventilation guidelines

All safety and hygiene measures apply to all teachers, students and anyone else who is present during the teaching process.

The detailed regulations applicable for the conduct of classes and examinations in the summer semester of 2022 are those published in the 18th Bulletin, No. 25 dated 10.02.2022.
