

MEDICAL UNIVERSITY
OF VIENNA

Stay safe & stay healthy

Proof of basic immunisation

To gain entry, you will need an officially recognised proof of basic immunisation (3x vaccinated or 2x vaccinated + recovered) and this will be checked in class by the course instructors or security personnel.

Exception: entry pass and PCR test

In place of the proof of basic immunisation, anyone who is exempt from vaccination must present the MedUni Vienna entry pass and proof of a negative PCR test (<48 hrs).

FFP2 masks

FFP2 masks must be worn throughout the building as well as during classes – and outdoors on the university campus where a two-metre distance cannot be maintained.

Hand hygiene

Wash your hands regularly and thoroughly with soap and water and/or use hand sanitiser.

Air-conditioning/ventilation system

This room is equipped with an air-conditioning/ventilation system supplied with fresh air. This room may only be used if the ventilation system is running!

Indoor climate

The room temperature should not exceed 22°C and the humidity level should ideally be between 40 and 60%.
