Authentications:

Full authentication:

All documents must be submitted in original, first authenticated by the responsible institution in the country where they were issued. Moreover they have to be authenticated by the Ministry of Education and by the Ministry of Foreign Affairs, and finally by the Austrian mission in the country of issue (Austrian Embassy). This is to certify the authenticity of the original documents.

Apostille:

Original documents issued in a country having joined the **Hague convention of October 5th 1961 (BGBl.Nr. 27/1968)**, only need authentication by means of "Apostille" by the respective domestic authorities. Associated states see under http://www.hcch.net/index_en.php?act=authorities.listing
